- **Databases:** MySQL, PostgreSQL
- **Tools:** Git, GitHub, Maven, Postman, IntelliJ IDEA, STS, Eclipse, VS Code
- **Concepts:** Core Java, Object-Oriented Programming, SDLC , RESTful APIs
- **Other:** Agile (Scrum), Unit Testing , JSON,

Projects

Personal Portfolio Website

Tech Stack: React.js, TailwindCSS | Deployed on Netlify

- Designed and deployed a responsive portfolio showcasing projects, certifications, and GitHub integrations.

- Optimized for performance and SEO with a clean, interactive UI.
  Live Demo

Digital Management System (Java + MySQL)

- Developed a console-based application to manage books, members, and transactions.
- Implemented **CRUD operations** with JDBC and MySQL using OOP principles and exception handling.

Student Management System (Spring Boot + MySQL + React.js)

- Built a **full-stack CRUD application** for managing student records.
- Backend: Spring Boot REST APIs with JPA/Hibernate.
- Frontend: React.js with an intuitive, user-friendly interface.

Certifications

- **DSA & Java** – Apna College
- **SQL** – HackerRank
- **Full Stack Development** By Pankaj Sir Academy

Soft Skills

- Strong communication and effective teamwork abilities
- Problem-solving mindset with logical and analytical thinking
- Quick adaptability to new tools, technologies, and environments
- Excellent time management and ability to multitask under deadlines
- Positive attitude with eagerness to learn and grow
