SURAJ MAURYA

Java Full Stack Developer

Noida, UP, India | surajmaurya.sc@gmail.com | +91-8081588047
LinkedIn : https://www.linkedin.com/in/suraj-maurya-cs/ | GitHub: https://github.com/surajmaurya12

PROFESSIONAL SUMMARY

Results-driven Java Full Stack Developer with hands-on experience building scalable web applications using Spring Boot, React.js, and MySQL. Trained in end-to-end Java Full Stack development (Oct 2024 – Present), with proven ability to design RESTful APIs, implement MVC architecture, and deliver responsive frontend interfaces. Prior operations experience at Provana India demonstrates strong attention to detail, process optimization, and cross-functional collaboration. Actively seeking a Software Developer role to contribute technical skills to a dynamic product team.

TECHNICAL SKILLS

Languages: Java, JavaScript, SQL, HTML5, CSS3
Frameworks & Libraries: Spring Boot, Spring MVC, Hibernate (JPA), React.js
Frontend: React.js, Bootstrap, Tailwind CSS, Responsive Design
Databases: MySQL, PostgreSQL
Tools & Platforms: Git, GitHub, Maven, Postman, IntelliJ IDEA, VS Code, JIRA
Cloud & DevOps: AWS (EC2, S3), Docker (Basics)
Concepts: OOP, RESTful APIs, Microservices (Basics), Agile/Scrum, CRUD, MVC

PROJECTS

Student Management System | *Tech: Spring Boot, React.js, MySQL*

- Designed and developed a full-stack web application for managing student records with complete CRUD functionality
- Built RESTful APIs using Spring Boot and Hibernate (JPA) following MVC architecture best practices
- Developed responsive, mobile-friendly UI using React.js with seamless integration with backend APIs
- Implemented relational database schema in MySQL with optimized queries for reliable data retrieval

Digital Library Management System | *Tech: Java, MySQL, JDBC*

- Built a console-based application to manage books, users, and transactions using Java and MySQL
- Applied JDBC for database connectivity and implemented robust exception handling for production reliability
- Used OOP principles including inheritance, encapsulation, and polymorphism for modular code design

Personal Portfolio Website | *Tech: React.js, Tailwind CSS, Netlify*

- Built and deployed a fully responsive portfolio website showcasing projects, certifications, and technical skills

- Integrated live GitHub repositories and project demos for real-time demonstration of work
- Hosted on Netlify with CI/CD pipeline ensuring zero-downtime deployments

TRAINING & DEVELOPMENT

Java Full Stack Developer Training | **Pankaj Sir Academy** | *Oct 2024 – Present*

- Completed intensive training in Core Java, OOP, Data Structures, and Algorithms
- Built and deployed RESTful APIs using Spring Boot and Hibernate with MySQL database integration
- Developed full-stack applications using React.js (frontend) and Spring Boot (backend) with MVC architecture
- Practiced API testing using Postman; version control with Git/GitHub; project tracking using JIRA
- Worked on real-world projects simulating agile sprint cycles and code review processes

PROFESSIONAL EXPERIENCE

Process Expert – Operations & Data | **Provana India Pvt. Ltd., Noida** | *Jan 2024 – Aug 2024*

- Managed and validated high-volume backend data workflows with a 99%+ accuracy rate
- Automated repetitive reporting processes, reducing manual effort and improving team productivity by ~30%
- Collaborated with cross-functional teams to diagnose and resolve operational bottlenecks
- Trained and onboarded new team members, improving onboarding efficiency
- Developed systematic process documentation that reduced recurring errors significantly

EDUCATION

Master of Computer Applications (MCA)

Maharana Pratap Engineering College, Kanpur | *2021 – 2023*

Bachelor of Computer Applications (BCA)

Naraina College of Management, Kanpur | *2017 – 2020*

CERTIFICATIONS

- DSA & Java – Apna College
- SQL – HackerRank
- Full Stack Development with Java – Pankaj Sir Academy
- Generative AI – Outskill
